NEWSLETTER EDITOR NEEDED – I know there must be someone who would be interested – Di Hallinan

In a year when things routine have been replaced by a remote alternative, it was a real pleasure to invite award winners to exchange the 40 degree heat on 28 November for the cool of the Performance Space at CPAC.

There to present to them the certificate recognising and recording their success at the 23rd Annual Exhibition, as judged by Georgia Connolly, and receive the accompanying financial component of their award.

A real pleasure, an honour on behalf of LAS, on your behalf.

But, congratulations to each of you who entered works this year. For, in so doing you make the exhibition a success, you expose your talent to the judge's critique, and to the enjoyment of others. And in the process, grow in your creative journey. -John Tregoning
